

## **WELCOME TO THE IMPERIAL YOUTH ASSOCIATION**

Welcome to the Imperial Youth Association. We are planning for a great 2012 season and we are happy that you have registered your child(ren) to play the great game of baseball or softball through this organization. We have continued and are committed to promoting organized sports for the youth of our area.

All of our Board Members are volunteers that have children playing baseball or softball in this organization. Each Board Member spends many hours of their free time to ensure that the organization runs as smooth as possible and to keep our Association's focus on the children.

We have made many efforts to improve both the association and the facilities. We currently play all our home games at the Imperial Fields located on Highway K just west of Kimmswick.

Our association is an active member of the All Star League. Our league follows the rules set forth by this organization. Money collected from registration fees, fund raisers, tournaments, concession stand, and parking cars on the fields for special Kimmswick events provide the funds for field maintenance for Imperial Fields, equipment, field and parking lot improvements, umpire fees, concession stand stock and trophies.

During the months of August, September, and early October, we support the Windsor High School Softball program. The Imperial Youth Association provides the Windsor High School Softball program with use of our fields for their practices, home games and concession services for game events.

During the months of late September, October and November, we provide playing fields and concession services for the Jefferson County Parks and Recreation Department's fall soccer program for children ages 4 through 12. These two extra activities take many hours of extra time and effort from our Board Members, but the monies made hosting these activities help keep registration costs to a minimum. If you are interested in helping with these extra activities, contact a Board Member for more information. We always welcome parents that want to become more involved in their child's sports organization.

We take great pride in our grounds and we ask that each player and parent respect the areas and to place trash in the trash containers spaced around the property.

Please find below the rules of our fields.
